

Elena Moro, MD, PhD, is Professor of Neurology at the Grenoble Alpes University. She is currently the Director of the Movement Disorders Center at the Centre Hospitalier Universitaire (CHU) of Grenoble (France), and the Associate Director of the CHU Department of Psychiatry, Neurology and Rehabilitation. She has been the Medical Director of the Surgical Program for Movement Disorders at the Toronto Western Hospital (Ontario, Canada) from 2002 to 2012. She has been actively involved in the Movement Disorders Society and the Parkinson Study Group. She is currently the Editor-in-Chief of EANpages, the Newsletter of the European Academy of Neurology. Her field of research includes neuromodulation for movement disorders, particularly new targets of deep brain stimulation in movement disorders, and a better understanding of its mechanisms of action.
